

Year Two Homework Challenges Summer 2026

Science	Life Skills: Time	Art	PE	PHSE
<p>"The person with the largest hand can pick up the most sweets."</p> <p>Test this scientific idea in your family- the more people you include in your test, the better your results will be.</p>	<p>Learn how to tell the time to the O clock and half past. Begin to learn $\frac{1}{4}$ past.</p> <p>Learn the names of the months of the year in order. What is the 4th, 7th, 11th month of the year?</p>	<p>Use plasticine, playdough, salt dough or clay to make a model of an animal of your choice.</p>	<p>Practise throwing and catching balls of different sizes using the skills you learn at school. Try to make your throws accurate and try to improve the number of times you catch the ball without dropping.</p>	<p>Tell me about your family. Who is in your family? What does your family enjoy doing? How do your family treat each other? How do you feel being part of your family?</p>
Science	English	Maths	Maths	Maths
<p>Fill in the worksheet thinking about different animals.</p>	<p>Practise writing questions and using a ? Start with: What When Who Where Why Do</p>	<p>You can count in 2 5 10s. Now try to count in 3s.</p> <p>How many 3s in 15 etc</p> <p><i>You could try to learn 3x too.</i></p>	<p>Learn the 2x 5x 10x table by heart. Know them in any order and be able to say how many 2s in 16 or 5s in 25.</p> <p>Use your tables to work out divisions. $40 \div 5 = 8$ $80 \div 10 = 8$ $18 \div 2 = 9$</p>	<p>Learn the halves of numbers to 20. <i>Can you learn the halves of all the multiples of 10?</i> <i>Half of 30, 40, 50, 60, 70, 80, 90, 100?</i> <i>Try to find $\frac{1}{4}$ of numbers by halving then halving again or sharing by 4.</i></p>
