

Year One Homework Challenges Spring B 2019

Maths	Maths / Life Skills	Science	Gymnastics	PHSEe
Practise your addition and subtraction work. Use word problems and missing number sentences	Learn how to tell the time and practise telling it using O' Clock and half past the hour. Where can you find an analogue or digital clock in your home? There might be more than you think!	Find as many materials as you can at home. How many can you find? Choose one, draw and describe it using words like rough or smooth, hard or soft, bendy or stiff.	Have you got floor space at home to show off your gymnastic sequences? Can you do a pose, interesting travelling and a careful roll? Can you remember a sausage roll and an egg roll?	What are you good at? Talk about your own gifts and talents. What do you think you are best at when learning in school?
Art	Geography	Computing	Literacy	Literacy
Get some small strips of white fabric. Find different natural ways to dye your fabric. (coffee, spices, beetroot, berries, cabbage...)	Describe your home. What is it made of, what type of home is it, are you joined to anyone? How many rooms? Do you have extras like a garage, garden, conservatory?	Have a go at typing some sentences on the computer. Use the shift key for a capital letter. Can you change the colour or size of the text?	Retell a fairy tale to an adult. You could tell them the story, read it from a book, act it out, put on a show with stick puppets or write it out yourself.	Make up your own fairy tale baddie! Draw and label your character. Try to use exciting describing words.

Remember to choose at least two before half term!
