

Year 2 Autumn B Maths Plan: Cherry set (Mrs Hedley).

Week	Focus
Week 1	Odd and even numbers. Reasoning activities. Addition: Number bonds to 20 and facts to 100. Addition strategies. Adding 2 2-digit numbers using empty number lines.
Week 2	Addition: Further work on mental addition. Addition of 2 digit numbers using partitioning into tens and units.
Week 3	Subtraction: Number facts to 20 and 100. Subtracting a 2-digit from another 2-digit number using an empty number line. Subtraction is the inverse of addition. Introduction to missing number problems. Reasoning about number statements. Problem solving.
Week 4	Measures: Money. Coin values, totals of coins and finding change.
Week 5	Fractions: Recognising fractions of shapes, sets of objects, lengths and quantities.
Week 6	Shape: Properties of 2-D and 3-D shapes. Nets of shapes. Sorting regular and irregular 2-d shapes by name and describing their properties. Measuring and drawing lines to the nearest centimetre or half centimetre.
Week 7	Further work on shape. Place value revision. Counting in threes. Assessment.

Ongoing: 2, 3, 5 and 10 times tables work, odd and even numbers, place value work and number facts work.

Maths topics may vary from the plan outlined above, depending on the learning needs of the children at the time.
