| English | Music | French (5 points each) | Art | Science |
| Write me a story! <br> Try to include: - a beginning to introduce characters and setting using detailed description - some speech with speech punctuation - a dilemma where something goes wrong - an interesting ending | Find out about a famous band or musician from our region. Can you respond to their music by singing along or performing a dance or playing along with an instrument? | 1. Make a colourful poster or mind map all about France. <br> 2. Learn your numbers to 20 out of order. So if I say 15 for example you will know what it is in French. | Choose a Lucy Pittaway painting to re-create at home. You can draw or paint this but please do this one on paper rather than digitally. | Design a packed lunch. Make sure that you select a healthy, balanced meal. Try to include foods that provide all of the nutrients that humans need. |
| Geography | Computing | RE | PSHE/Life Skills | PE |
| Find out about our county - <br> 'Northumberland' and write a report about it. <br> Some ideas for your subheadings: <br> -Rivers. <br> -Important landmarks <br> - Famous People. <br> - Food | Go to the resources section of school 360 and click on computing. There, you will find a variety of resources to help with your coding skills and hours of fun! (CodeMonkey is a great one!) | Write a list of 5 things you are grateful for. Discuss with your grown up what it means to be grateful. | For one week, record a positive thought at the end of each day. Think back and reflect on the day. There may have been things that weren't so great about the day, but try to always find something that went well. | Step up onto a step, one foot after the other Then step back down onto the floor, one foot after the other. This counts as one step up. How many step ups can you do in 30 seconds? Challenge your family. Try to beat your score over the half term. |
