Schools are funded April to April and funding is received based on pupil numbers on the January census 2019. Therefore this funding is allocated for the April 2019 to March 2020 period. Pupil numbers and eligibility fluctuate from year to year and term to term which makes it very difficult to allocate exact figures to individuals and groups. The above figures are for the 2019-20 financial year but the use of the funding covers the 2019-20 academic year.

Principles

Bedlington West End First School receives a Pupil Premium Grant (PPG) for each child who is currently entitled to receive Free School Meals or has been entitled over the last six years (known as Ever 6). We also receive a grant for any Looked After Children, children adopted from care, children post care or children subject to a Special Guardianship or child Arrangements Order. A smaller amount is allocated for children whose parents work in the Armed Forces or who have left the armed forces within the last 6 years (Ever 6). We are required to publish online information about how we have used this pupil premium.

- We ensure that teaching and learning opportunities meet the needs of all of our children.
- We ensure that appropriate provision is made for children who belong to disadvantaged groups, this includes ensuring that the academic and pastoral needs of socially disadvantaged pupils are adequately assessed and addressed. We do this by strategic overview and tracking undertaken by the Headteacher and Senior Leadership Team for both academic and pastoral care.
- In making provision for socially disadvantaged children we recognise that all pupils who

are or have been eligible for the Pupil Premium Grant are not socially disadvantaged. We also recognise that not all children who are socially disadvantaged are registered to qualify for free school meals. We therefore reserve the right to support any child or group of children who the school has identified as being socially disadvantaged or vulnerable to academic failure alongside their disadvantaged peers.

- We ensure all work carried out through the Pupil Premium is aimed at accelerating progress and moving children forward to achieve at least age related expectations and to narrow the achievement and attainment gap (where it exists) between disadvantaged pupils and their non-disadvantaged peers.

Key Priorities

Our core aims are to:

- Improve and enhance the life chances of pupils eligible for pupil premium funding by delivering appropriately targeted support to ensure that they make good progress from their starting points and that they achieve in all areas to the best of their ability.
- Address inequalities in education for pupils from low-income families and those suffering disadvantage because of their current or previous life circumstances and, where necessary, narrow the attainment gap between these pupils and their non-disadvantaged peers.
- Address the health, well-being and social and emotional needs of those pupils eligible for the pupil premium funding for whom this support is appropriate.

Pupil premium pupils will have access to the same provision of enrichment activities as their peers and will share the same educational, social and emotional benefits. The cost of the activities of the school day will not be a reason for any child to feel disadvantaged or to not attend.</p>	<p>Costs as necessary</p> <p>Costs as necessary</p> <p>Residential 6 x £100= £600.00</p> <p>Costs as necessary</p>
