Parental Support

There are some important things that you can do to support your child to be Nursery Ready and begin their journey working towards becoming Reception Ready.

Dummies

Ditch those dummy as soon as you can!

Nappies

Ditch those nappies as soon as you can!

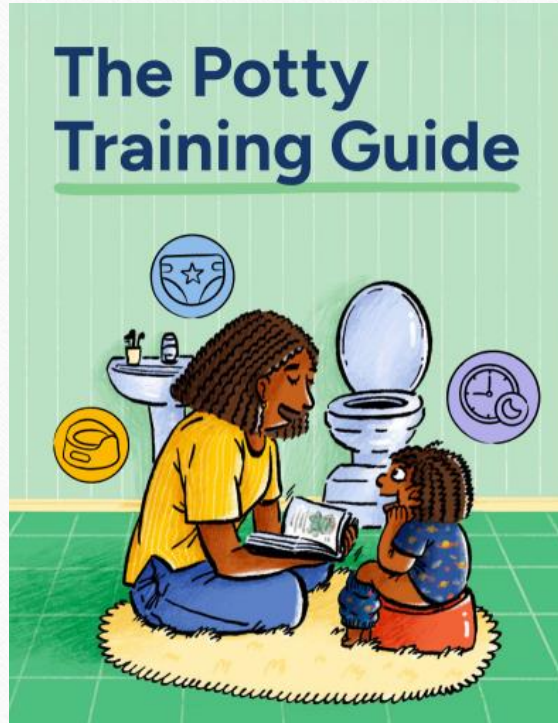

Did you know?

- In 1970's and 1980's 83% of children were out of nappies by 18 months.
- Today 1 in 4 children are not toilet trained when they start Reception.
- Research shows it's best for your child's bowel and bladder health to stop using nappies, including reusable nappies, pull-ups and training pants, between 18 and 30 months.
- Data suggest we are losing 1 full day a week to nappies.
